housewarming & wedding gifts, baby shower  
return favors, corporate gifts and lots more.*

*We have a wide variety of gourmet items &  
packaging options for our hampers, and would be  
happy to discuss packaging and customizations  
with you.*

**While hampers can be totally & absolutely  
customized, here is a little guide to get  
you started.**

- Opt for items like brownies, cookies, chocolates, loaf cakes, etc; since those have longer shelf life and would be easier for you to handle.
- If you are looking for themed hampers, we can best serve you with customized brownies, cookies, cakesicles and cake pops.
- Items like cake jars and cupcakes have shorter shelf life and are prone to damage; so order those only if you are a hundred percent sure about handling them.
- The best hampers that we have done so far included the following:
  - Customized cookies
  - Cute cakesicles or cake pops
  - Chocolate bars or bite sized chocolates
  - Cookie jars
  - Brownie bites
  - Fudge cube jars
  - Cake jars
  - Loaf cakes
